

QUALITY AND INFORMATION SECURITY POLICY

Elisian is committed to putting the customer at the forefront of everything it does, ensuring that we excel on your needs by delivering a secure product within our management system where our quality is continuously improved, and objectives developed to eradicate defects and reduce our risks.

We commit to comply to required standards*, models and regulations that show our commitment to delivering the highest quality product with the most stringent data security.

**Elisian is able to demonstrate its commitment to the above through its certification to ISO9001:2015 and ISO27001:2022 and the above statement serves as the company's quality and information security policy.*

Ian Elcoat

Managing Director

A handwritten signature in black ink, appearing to read "I. Elcoat", is positioned below the name and title.
